

### ANNEX III

**BY REGISTERING A DOMAIN, THE APPLICANT ACKNOWLEDGES AND AGREES TO THE ACCEPTANCE OF THE ".es" DOMAIN NAME ASSIGNMENT REGULATIONS, CONSENTS TO TRANSFERRING HIS OR HER PERSONAL DATA TO RED.ES FOR THAT PURPOSE, AND AUTHORISES COM LAUDE TO ACT ON HIS OR HER BEHALF**

The applicant for the .es domain name (hereinafter, "**the Applicant**") hereby states that:

- Nom-IQ Limited t/a Com Laude (hereinafter, "**the Registrar**") is authorised to act on his or her behalf before Red.es (hereinafter, either "**the REGISTRY**" or "**the Assignment Authority**"), and to take all actions necessary to assign and renew the .es domain name (hereinafter, "**the Domain Name**"), including receiving the corresponding notifications.

- The REGISTRAR is authorised to act in any way necessary to make the payments corresponding to the assignment and renewal of the Domain Names, on his or her behalf, and he or she hereby requests that this be done in subsequent years.

- He or she has been duly informed by the REGISTRAR and is aware of the applicable regulations and procedures, terms and conditions, fees and payment methods and technical requirements established to REGISTRY ".es" domain names with the mediation of an accredited REGISTRAR, and accepts them in their entirety. Specifically, the Applicant states that he or she understands the regulations, procedures, terms and conditions for registering an ".es" Domain Name, the content of which is available at:

<https://www.dominios.es/en/sobre-dominios/normativa>

- He or she understands that failure to comply with these regulations shall result, in the cases in which it is thus expressly established, in the loss of the domain name and possible reassignment of the same from that very moment for registration in favour of another eligible applicant.

- Excepting errors or omissions in good faith, the data provided on this application are true.

- He or she agrees to keep the information provided on this application updated at all times, notifying any changes to the REGISTRAR, which will notify Red.es whenever there are modifications to any of the data to be submitted to the REGISTRY. Failure to fulfil this obligation may result in the cancellation of the Domain Name (for example, because it is impossible to contact the individuals listed as domain name managers, since changes to their contact data or new managers were not reported as established).

- He or she accepts that Red.es, in carrying out the different actions related to the assignment and renewal of the Domain Name, will act in accordance with the data notified by the Applicant as indicated in the section above.

- He or she understands and accepts that any false data provided on this application could lead to the rejection of the same or, if the Domain Name had already been assigned, the Name could be cancelled and, in this case, the Domain Name would be available for registration by any other eligible applicant.

- He or she understands and accepts that, once the REGISTRY notifies the REGISTRAR that the Domain Name may be assigned or renewed because the requirements established for that purpose have been met, the REGISTRAR shall be required to make payment, on behalf of the Applicant and within the established periods of time, of the amounts for the assignment or, when

appropriate, renewal, and that failure to make payment or insufficient payment after the established periods of time shall be grounds for making the Domain Name available, from that moment, for registration in favour of an eligible applicant, with Red.es assuming no liability whatsoever for the consequences of the Registrar's failure to fulfil its obligations to the Applicant.

- He or she understands and accepts that the REGISTRAR plays an intermediary role in the assignment of ".es" domain names, and is solely and exclusively responsible for compliance with the requirements stipulated in the mediation contract for the assignment of domain names. The Applicant is considered to have been informed of this situation and expressly waives the right to any action or claim against Red.es due to the Registrar's failure to fulfil its obligations.

- He or she understands and accepts that, in the event of serious technical negligence, a domain name may be cancelled temporarily or permanently.

- To the best of his or her knowledge, the use of the Domain Name does not infringe upon the rights of third parties.

- He or she understands and accepts that the assignment and registration of the Domain Name gives exclusive rights to its use, in the terms set forth in the applicable legislation, for the purposes of addressing in the internet domain name system, and that any dispute over the right to use a particular domain name must be resolved between the parties using the channels legally established for this purpose.

- He or she understands and accepts that the administrative contact person designated on the application and who agrees to this document with sufficient power of attorney to do so, is responsible for any problem related to the right to use the domain name, and that this is understood and accepted by that person.

- He or she declares that all entities and persons listed in this application are aware, in accordance with the provisions of Regulation (EU) 2016/679, of the European Parliament and of the Council, of 27 April 2016, on the protection of natural persons with regard to the processing of personal data and freedom of information and circulation of these data, which repeals Directive 95/46/EC (General Data Protection Regulation), of the following basic information on the protection of their personal data:
